

Why move?

Renovate with a boutique
building company that cares
about your home (almost)
as much as you do...
(and it won't be as daunting as you might think!)

Jersey Living
Home Builder & Renovation Specialist

If you love where you live, but just need more from it or an update of what is already there, renovate with us and save the drama of moving and the huge amount of stamp duty and agents fees you'll pay to do it.

As a boutique Custom Home Builder and Renovation Specialist, Jersey Living offers an all-encompassing personalised service from initial site consultation, design and construction, through to the final styling and it all starts with a clear understanding of the project objectives.

Our level of care begins with you and your dreams for a better home, from there the project plan is developed.

No matter if you are building an entire home, a development, renovating extensively or just a bathroom or kitchen, we are on your level and will take care of all the details, so you can relax and see it all happen, with no surprises or worry.

Simple steps that we do to make it easy for you, your renovation, your budget and a happy finished product.

Initial Site Consultation:

We meet with you to fully understand your needs and develop the best plan and price.

Concept Design with 3D Renders:

An important visual understanding of what your new home or renovation will look like.

Detailed Design Presentation:

Design drawings and specifications so you know exactly what to expect.

Contract Documents and Insurances:

Project specific Home Warranty Insurance Policy for your ultimate peace of mind.

Prestart Site Meeting:

You have a dedicated Site Manager, so you know what to expect during the build.

Construction:

Our goal is to make this process an enjoyable, ultimately rewarding and stress-free experience.

Completion:

Once the work is complete there is a happy handover meeting to run you through the operation of your new home or renovation.

Aftercare:

We won't be running away, your dedicated Site Manager will remain contactable for any issues that may arise.

Make An Enquiry:

It all begins, logically, at the beginning. Take the first step and contact us to discuss your project where we look forward to beginning the journey together.
